

NIDO & MARIANA QUBEIN **CHILDREN'S MUSEUM**

NORTH CAROLINA STANDARDS ALIGNMENT

FIRST GRADE

INTRODUCTION

Each exhibit within the Nido and Mariana Qubein Children's Museum aligns with the North Carolina standard course of study in eight subject areas. We believe children learn best when they have opportunities to explore open-ended concepts through play and inquiry. "We learn more by looking for the answer to a question and not finding it than we do from learning the answer itself" (Lloyd Alexander) and therefore encourage all of our visitors to ask questions, make mistakes, and discover solutions through play. A visit to the museum includes inquiry-based activities directly correlated to each of the following standards in first grade.

While all of our exhibits integrate multiple subject areas, those most applicable to each subject area appear above the standards which are aligned to that exhibit.

Our unique field trip experiences can cater to the needs of your class or group. Are you looking for specific support or reinforcement on a particular concept, ask, and we will be happy to help!

OPTIONAL DISCOVERY GUIDE LED LESSON

(\$3 per student)

Our Discovery Guide led field trip experience integrates all of the elements of STEAM through a fun, engaging, and hands-on 45 minute lesson and experiment. After the lesson, students will be deeply engaged in all the museum has to offer and better prepared to fully immerse themselves in the activities and learning opportunities available in each exhibit. Additionally, a museum scavenger hunt catered to first grade standards is available for use by classroom chaperones and students to ensure they receive the complete museum experience!

ARTS EDUCATION – DANCE AND MUSIC

The “Big Kid” room and Playroom are specifically geared to get kids singing, dancing and creating! Fun music, tik tok challenges, the giant piano and more can be used to hone students’ performing arts abilities. The following dance and music standards are in practice during a visit to the museum.

DIGITAL LEARNING

The Nido and Mariana Qubein Children's Museum values its role in encouraging responsible digital citizenship and educating students on the ever-changing technological advances available to them. Our goal is to demonstrate to our guests that they have the capabilities to solve real-world problems and improve their communities both locally and globally. Unique technology is available to guests throughout the museum and direct instruction on digital learning is provided through "pop-up" STEAM experiments, the STEAM lab, Mars Academy, Kids Point WHPU-TV, Speed and Sport, Furniture Design Studio, Water Works and the Tech Lounge (Big Kid Room). The following Digital Learning standards are in practice during a visit to the museum.

1. Students leverage technology to take an active role in choosing, achieving and demonstrating competency in their learning goals, informed by the learning sciences.
2. Students recognize the rights, responsibilities and opportunities of living, learning and working in an interconnected digital world, and they act and model in ways that are safe, legal and ethical.
3. Students critically curate a variety of resources using digital tools to construct knowledge, produce creative artifacts and make meaningful learning experiences for themselves and others
4. Students use a variety of technologies within a design process to identify and solve problems by creating new, useful or imaginative solutions.
5. Students develop and employ strategies for understanding and solving problems in ways that leverage the power of technological methods to develop and test solutions.
6. Students communicate clearly and express themselves creatively for a variety of purposes using the platforms, tools, styles, formats and digital media appropriate to their goals.
7. Students use digital tools to broaden their perspectives and enrich their learning by collaborating with others and working effectively in teams locally and globally.

MATHEMATICS

Mathematics skills are a necessity for everyday life and are a significant component of the Nido and Mariana Qubein Children's Museum STEAM programs. Students will implement the following mathematics standards throughout the museum, but especially in the STEAM Lab, Kids Point Grocery, Cafe, Furniture Design Studio, Speed and Sport, and the Hall of Mysteries. The following Mathematics standards are put into practice during a visit to the museum.
